

MEMBERSHIP-WFTO/ FAIR TRADE ORGANIZATION

Prescraft is a member of the World Fair Trade Organization for over 15 years and Prescraft implements the ten principles of fair trade

- 1. Creating opportunities for economically disadvantaged artisans, farmers or worker.**

Artisans who produce the needed crafts are financed for through regular purchases and are given orders when need arises and also when international customers place their orders.

2. Transparency and accountability

Product costing is shaped by the company and the producers so that they are aware of how much they will earn in advance. Annual sales and profitability are made available to fair trade organizations.

3. Fair Trade principles

When needed advances are given to producers and upon collection of articles and payment for the orders, balance due artisans is promptly paid. All arrangements are open and fair between employer and producers.

4. Payment of fair price

A fair price is one agreed at the start with the group of producers producing particular items and the buyer. As price rate payments, their income fluctuates depending on the availability of orders for production.

5. Ensuring no child or force labour

All artisans are recruited in the organization with their addresses attached to fight against child labour. As payments are done face to face with physical verification done

6. Commitment to non discrimination, gender equity and freedom of association.

The management staff and various workers have equal rights. No tribalism, racism, or Christian faith is practiced. The producers too have both men and women from different backgrounds.

7. Ensuring good working condition

We ensure good ventilated houses, lightening, toilets and good drinking water. No presence of hazardous materials

8. Providing capacity building

Trainings are developed as deficiencies are identified by the management to resolve this deficiencies. Workshops are held by the workers to train them build up their capacities through Quality Assurance.

9. Promotion of Fair Trade

We promote Fair Trade by reiterating it as part of our mission statement and attempts to integrate these values in everyday life. Our usual celebrations during the World Fair Trade Day every second Saturday of the month of May each year.

10. Environment

We strive to minimize our environmental footprint in the course of protection. Our strategies include sustainable sourcing of raw materials and reforestation. Through community forest development.
